Agreement to Pay and Signature

I understand that service will be engineered and installed based upon the information provided herein. I agree to pay LID on demand, for all work LID performs and all costs LID incurs for this application for service. LID may cancel this Application for Service (a) if the application is incomplete and I do not provide all necessary supporting documents and project information after being notified by LID, (b) if I fail to provide an engineering advance within ninety (90) days after one is requested by LID or (c) if LID sends a proposed contract and I do not return the contract with the required payment, within ninety (90) days. If the project is postponed or cancelled, by either party, I will pay LID for all such work and costs incurred by LID prior to the postponement or cancellation.

LID's costs may include, for example, labor, material and supplies, transportation and other direct costs LID allocates to complete such work. Incomplete information or any changes made at my request during the engineering or after completion will subject me to additional charges and may delay the establishment of service.

I understand that LID may require an engineering advance to cover some or all of the costs for project review, design work and cost development in connection with this application for service. I understand that any advance will be based upon current costs and the amount of work anticipated by LID based upon the information submitted in this application. I understand that any advance will be credited against any amount I owe LID, applied to the amount I may owe on the resulting line extension agreement, or refunded to me without interest when LID has completed its engineering work or if the project has been cancelled or postponed.

I have read the above information. I understand and agree with the provisions and my responsibilities.
